INFORMATION DISCLOSURE STATEMENT UNDER 37 CFR 1.97(i)

Dear Sir:

Applicants call attention to the following facts concerning the Information Disclosure Statement (IDS) that was filed in the U.S. Patent and Trademark Office on September 20, 2004.

Applicants filed an Information Disclosure Statement on September 20, 2004, which included 1 page of Form PTO-1449, 4 pages of Communication from a related European Patent application, and 2 documents, US Patent No. 6,326,096 and European Publication No. 1 154 504. All documents were received by the USPTO on September 23, 2004 according to the attached copy of the stamped postcard.

The Examiner failed to initial the Form PTO-1449, claiming that the IDS did not comply with the rules under Rule 97(c)(2). However, the IDS did comply with the rules since copies of both

documents listed on the Form PTO-1449 were submitted with the IDS and no fees were required at the time of filing. Furthermore, the Examiner failed to inform the applicants of the alleged non-compliant IDS in subsequent office actions.

Applicants submitted a Request for Initialed Form PTO-1449 on September 5, 2007, and a second copy of European publication no. 1 154 504. The Examiner claims that the submission was a non-compliant Information Disclosure Statement. Applicants asserted that the submission was a Request for Initialed Form PTO-1449, but the Examiner refused to consider the European publication.

Applicants attempted to contact the Examiner's supervisor, Patrick J. Ryan, several times between December 28, 2007 and March 11, 2008. No telephone messages were ever returned.

The instant application subsequently issued on March 11, 2008. This IDS is being submitted to clarify that the European publication was timely and properly submitted to the USPTO and its failure to be made formally of record was caused by a USPTO oversight.

Consideration of the foregoing and enclosures plus the return of a copy of the enclosed form PTO-1449 with the Examiner's initials in the left column per MPEP 609 are earnestly solicited.
